In re Application of :  
He et al. : LETTER DISMISSING  
Application Number: 10/579597 : PETITION  
Filing Date: 05/17/2006 :  
Attorney Docket Number: OCT 001 :

This is a decision on the "REQUEST TO WITHDRAW THE HOLDING OF ABANDONMENT UNDER 37 CFR 1.181," filed on April 2, 2008.

The petition is **DISMISSED** for the reasons stated below.

The petition cannot be considered on the merits because it is unsigned. Specifically, 37 CFR 1.4 requires that all papers filed in the USPTO must be signed by either a registered patent attorney or all of the inventors in an application. As this application contains an executed declaration listing Fan He, Zhihao Lin, and Yue Yao as the joint inventors, the petition must be signed by all of the inventors or their registered patent attorney.

A properly signed reply should be submitted within **one (1) month** of the mailing of this decision.

This application became abandoned on February 21, 2008, for failure to timely submit the issue and publication fees in response to the Notice of Allowance and Fee(s) Due mailed on November 20, 2007, which set a three (3) month statutory period for reply. On February 21, 2008, the issue and publication fees were filed. On March 18, 2008, a Notice of Abandonment was mailed, stating that the fees had been received after the expiration of the statutory period for their payment.

Petitioners assert that the fees were timely filed on February 14, 2008, and have presented a priority mail signature

confirmation sheet allegedly showing that the fee payment was mailed on February 14, 2008.

The U.S. Patent and Trademark Office (Office) file is the official record of the papers filed in this application. A review of the papers filed reveals that no reply to the Notice of Allowance and Fee(s) Due mailed on November 20, 2007, was timely received in the USPTO. Rather, the showing of record is that the fee payment was filed on February 21, 2008. An applicant alleging that a paper was filed in the Office and later misplaced has the burden of proving the allegation by a preponderance of the evidence. The fact that petitioner believes that the reply was (or should have been) timely received in the Office, is not more persuasive than the date the papers are shown to have been received in the official file.

In this regard, it is noted that there is no provision in the rules or statutes for according the date that a paper is deposited in the USPS as certified or priority mail as date the paper is filed in the Office.

Further, in this regard, petitioners could have utilized the Certificate of Mailing procedure described at 37 CFR 1.8. Had petitioners properly followed the aforementioned procedure, petitioner could have avoided the predicament which has now arisen. It is petitioner's burden to supply, under the rules of practice, sufficient evidence to establish that the reply asserted to have been deposited with the U.S. Postal Service on February 14, 2008, was actually entrusted to the U.S. Postal Service on that date. See Krahn v. Comm'r, 15 USPQ2d 1823, 1825 (D.C. E.D. Va. 1990). At best, the showing of record reveals petitioners' intent to timely reply to the Notice of Allowance and Fee(s) Due.

As petitioners have not provided persuasive evidence that that the issue and publication fee payment was timely filed, the petition must be dismissed.

It is suggested that petitioner file a petition to revive the application under 37 CFR 1.137(b). A copy of the petition form, and fee schedule is enclosed for petitioner's assistance.

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.
